

We are Trinus International School in Guatemala City, founded in August 2017, an independent school serving students from Early Childhood to 6th Grade, our vision is that our children become people who have the tools to dedicate themselves to what they are passionate about in life; that at the same time have defined, identify and sustain their own values, and leave a positive impact on society. We believe the best way for us to accomplish this, is by implementing a Waldorf Education. Trinus is located in Guatemala city in zone 14 which is amazing neighborhood. Guatemala is a beautiful country filled with amazing tourism adventures for the weekend.

So, if you,

1. Are open to new experiences and willing to relocate to Guatemala City and commit to a long-term relationship with the students, the community and the school.
2. Are excited; willing to work together to shape the school culture and processes to positively impact the kids' development.
3. Consider yourself creative, with a high energy level, passionate for children and teaching, empathetic, and able to think outside the box in a "student-centered" program not a "curriculum – based" program.
4. Are looking constantly to grow professionally and personally, and
5. Either speak English and Spanish, then we have this opportunity, for you:

Teachers Experience!!

"I love living in Guatemala: Trinus is located in a great neighborhood with shops, salons restaurants bars gyms etc. My daily walk is less than 15 minutes which is the best way to start and end my day. The weather here is GREAT all your round- very gentle winters. Guatemala is RICH in natural beauty- beach, volcanoes, mountains and Mayan ruins. The people have been so friendly and welcoming. I've made some very good friends and lots of family here!"- Miss P Grades Teacher- South Africa

"I was in need of a little adventure and took my first flight out of the country to Guatemala to take a kindergarten position. I loved it so much, I decided to stay another year! The beauty, kindness and history in Guatemala is unique and welcoming. It's a perfect opportunity to join a pioneer school and help build a foundation of Waldorf education in a developing country. The parents are so grateful we are here and I feel so appreciated"- Miss C - Early Childhood, USA.
